

# The Daily Courant.

Tuesday, April 10. 1705.

From the Paris Gazette, dated April 4.

Venice, March 14.

**T**he Letters from the Bressan advise, That the Germans continue their Forraging in that Province, to the great Damage of the Inhabitants of the open Country. The Count of Leiningen had given Order to his Troops to hold themselves in a Regiment to march; but waited the Return of an Officer he had sent to Vienna for the Emperor's last Orders. Mean time it appears he designs to come towards the Adige, by his having extended his Quarters to Limon, towards the upper end of the Lake of Garda, within 2 Leagues of Riva. The arm'd Barks of the French give continual Alarms to the Quarters of the Germans that are near the Lake, and hinder the Transporting of Provisions from the Trentin to the Imperial Army. The French continue to fortify divers Posts on the Oglio, whither 600 Recruits are come to them.

From the Leiden Gazette, dated April 9.

Brescia, March 23. The Imperialists have made themselves Masters of the Town and Castle of Carzago. The French have possess'd themselves of that of Brugolo, and have made great Ravages on that side; they propos'd likewise to make themselves Masters of the Castle of Lonato, and in order thereto 400 of their Grenadiers join'd some Troops that block'd it up; but they were oblig'd to desist from this Enterprize, and to retire to Desenzano and their other Quarters, as well because the Venetian Garrison in that Castle, appear'd determin'd to defend it resolutely, as because Intelligence was given them that some Imperial Troops were marching to succour it. The Count of Leiningen, who has his Head-Quarters at Salo, held a great Council of War there some Days ago upon the Arrival of an Express from the Court of Vienna; and the 16th of this Month he sent Colonel Zumjungen to meet 2 Regiments of Germans that are arriv'd on this side of Bolzano, with Orders to lead them to the Valley of Polifella, on the Frontier of the Veroneze. The Imperialists expect Prince Eugene of Savoy at Salo, by the middle of next Month.

From the Leiden Gazette, dated April 7.

Basil, March 29. The Roman Catholick Cantons have put off the Assembly they appointed to hold among themselves the 27th of this Month, till the Return of the Marquis de Pusieux from the Court of France. Mean time they use their best Endeavours to prevail with the Protestant Cantons to join with them in offering the laudable Helvetick Body's Meditation of a general Peace, to the Princes and States engag'd in the present for the Succession of the Spanish Monarchy. We are very well assur'd this Business is push'd on very vigorously by the Creatures of France. The last Advices from Coire, tell us a considerable Number of French and Spanish Troops are drawing together about the upper end of the Lake of

Como; that some of them are actually working very hard in repairing the Fort of Fuentes, and drawing a Line from that Fort along the said Lake to Lecco: Whereupon 3 Deputies of the Garrisons are gone to Milan, to demand on what Pretence these Preparations are made, and to have an Eye to the Interests of their Republick.

From the Harlem Courant, dated April 7.

Basil, March 29. The Canton of Lucern having sent an Invitation to that of Zurich, to hold a Conference between themselves touching the Project of the laudable Helvetick Body's offering their Mediation of a general Peace; the Regents of Zurich declin'd the holding any Conference with those of Lucern on that Subject, alledging the rest of the Cantons might take it ill if their 2 Cantons should enter into any private Consultation about an Affair of so great Weight, and which they said they judg'd more proper to be propos'd and debated in the next general Diet that shall be held at Baden.

From the Leiden Gazette, dated April 9.

Basil, April 2. An Assembly of the Protestant Cantons was open'd at Arau the 29th of last Month; but after 2 or 3 Days Session, was broke up: We cannot learn yet what Resolutions were pass'd in it. 'Tis Reported a general Diet of all the Cantons will be held at Baden, about the middle of this Month. Count Trautmansdorf the Emperor's Ambassador, set out from Baden yesterday Post for Vienna; and Dr. Aglionby, the Queen of England's Minister, is preparing to leave Zurich soon after Easter to return to London. He took his Leave of the Protestant Cantons in their Assembly at Arau above-mention'd. The Marquis de Pusieux, Ambassador of France, was expected at Soluthurn yesterday from the French Court. A great Quantity of Stockings is bought up in Switzerland for the Imperial Soldiers. The Letters from Milan of the 27th of last Month, which are due by the Post, are not yet arriv'd; but several Persons that came from thence within a few days, agree in reporting that the Condition the Spanish and Italian Troops of the Milaneze are in, is very miserable; for the Soldiers are neither paid nor cloath'd, nor are the Regiments recruited and kept full: Those that serv'd in the Siege of Verue, are in a much worse Condition than the rest. The French Protestants that are oblig'd to serve on Board their King's Gallies, having not long since had Money sent to them from Zurich, have return'd Thanks for it in a Letter to the Regents of that Canton.

From the Amsterdam Gazette, dated April 7.

Antwerp, April 2. The Elector of Bavaria, accompanied by several General Officers of the 2 Crowns, arriv'd here yesterday, from a Progress he had taken to View the fortify'd Places of Flanders; and this Morning his Electoral Highness went from hence to Brussels. We hear the Elector of Cologne, his Brother, had a meeting with him at Ostend. The French Horse which winter'd in the Towns of the French-Flanders, are arriv'd near Bavay; whence they will proceed towards the Maese: Several Spanish and French

enough Regiments of Foot, are moving that way  
 ewise, and will be soon followed by the rest of the  
 Forces of which the Army is to be composed. 4000  
 Bombs are getting ready at Namur. A Party of the  
 Garrison the Enemy have in Maestricht, has been to  
 view the Ground about St. Tron, which makes it  
 believ'd the Enemy have a Design to Canton their  
 Troops.

**Maestricht, April 3.** Two of their High Mighti-  
 nesses Field Deputies arriv'd here yesterday, and  
 were receiv'd with a triple Salvo of the Artillery.  
 They will take a Review of our Garrison, and of  
 those of the Neighbouring Places. The Enemy make  
 great Preparations on the Frontier against the Cam-  
 paign: We are making the necessary Dispositions  
 likewise on our side, and our Troops are order'd to  
 provide their Equipages for the Field, and to be in a  
 readiness to canton.

 French Man of War of 30 Guns; and a Privateer of  
 26 Guns, was sent in by the Triton.

**Portsmouth, April 7.** This day sail'd from Spit-  
 head for the Downs her Majesty's Ships the Mode-

 bon her Majesty's Ships the Torbay, St. George, Dor-  
 setshire, Ranelagh, and Nassau, Captain Fairfax  
 Commadore. There are 9 Men of War at Spit-  
 head.

**Comes, April 6.** Yesterday came in here the Rose  
 of Gottenburg, bound for Bourdeaux; she came  
 from Diepe 3 Days ago, and the Master reports  
 he was told by a French Merchant there, that Sir J.  
 Leake with his Squadron had beaten the French  
 Squadron in Gibraltar Bay, and had taken or de-  
 stroy'd 5 of their Ships.

**A New Office of Assurance, upon the Lives of Men,**  
 Women and Children, is Establish'd at the Bell and Dragon at Lin-  
 colns-Inn Back Gate, which is of that excellent Constitution, That by  
 a Man's Assuring his Wife's Life, and his own Life, for the Benefit of  
 each other, and their Children, there will come into the Family 500 l.  
 upon the death of both of them, viz. 250 l. upon the death of the first  
 of them, and the like Sum of 250 l. upon the death of the other. The  
 Charge for each Subscriber will be 7 s. 6 d. paid down at Subscribing;  
 2 s. 6 d. thereof being for the first Claim, and after that paid out; then  
 2 s. 6 d. upon the death of every Subscriber, and 6 d. per Quarter. By  
 the Constitution and Articles of Settlement of the said Office, it plain-  
 ly appears, how the same will tend greatly to the good of Mankind,  
 (and how Charitable it is) for thereby the Fatherless and Widows may  
 be relieved in their Distress; a Man provide for the Wife, and the  
 Wife for the Husband, Parents for their Children, and Children for  
 their Parents, and Friends and Relations for one another. The Design  
 is just and honourable, the Benefits and Advantages propos'd certain,  
 and the Charge of each Subscriber but small and inconsiderable,  
 which going out by little and little may easily be sav'd by the Dil-  
 igence and Industry of some, as well as spared out of the common daily  
 Expenses of others. And if a Person, whose Life is Assur'd, goes  
 beyond-Sea, or into the Wars, the Life may be chang'd. At the Re-  
 quest of some Persons, call'd Quakers, care is taken for their Accom-  
 modation. Court Days for the Trustees approving Subscribers, are the  
 first and third Thursday in every Month: But the Articles of Settle-  
 ment are to be seen, and subscribed unto, upon any Day, at the Bell  
 and Dragon aforesaid. Office Hours are from 9 to 12, and 2 till 6,  
 every Day, except Holy-Days.

**The Hypochondriack Digestive POWDER,** for  
 Melancholly and Vapours. The great and miraculous Cures this Medi-  
 cine has wrought (as appears by divers Letters and Testifications) and  
 the universal Reputation it has thereby gain'd, put the Author upon  
 thinking it needful any further to publish it, but he lately hearing of  
 its being counterfeited, and Reports industriously spread, that what is  
 sold at Jacob's is not the right, oblig'd him (that the Publick may not be  
 impos'd upon to give this notice, that the true Medicine, of which such  
 vast quantities have been there dispos'd of, is still (and never will be  
 elsewhere) sold at Jacob's Coffee-house over against the Angel and Crown  
 Tavern in Threadneedle-street near the Royal Exchange, Seal'd up with  
 Directions, at 3 s. 6 d. the Paper, containing several Doses. And is

 Republick of Medicine; It immediately appeases all the most violent  
 and raging Symptoms; and Cures even where the Mind is so confus'd,  
 Spirits and Senses hurried, as to render the Patient Cra'd, and almost  
 Distracted; for it rectifies the digestive Faculty, expels the Wind,  
 settles and composes the Head and Spirits, rarifies the stagnated Blood  
 and Juices, and dissolves and removes Obstructions which hinder ne-  
 cessary Evacuations, and causes those Distempers, as all Persons that  
 apply to it will happily experience.
